DEPARTMENT OF SOCIOLOGY

The Post Graduate Department of Sociology, Kuvempu University, has completed 34 years since its inception in 1988 to reflect on our march towards, research and teaching in Sociology for a better understanding of social processes in our small way. The attempts of the Department, over these proving years, have mainly concentrated on the application of sociological principles to our immediate surroundings through conceptual and theoretical debates-both within the classrooms and outside. With M.A. M.Phil, and Ph.D. Programmes, teaching has been the first priority, although research has received due attention. The faculty has entered into dialogue, regularly and continuously, with the outside academicians, participated in seminars, workshops, conference and the like, Research backed by valid and reliable information base, has centered close to local and regional issues, the attempt was to combine the macro and the molecular. Inter department and multi-disciplinary work was valued.
